Re: Case Number 6:14-cv-1424-MC-United States of America ex rel v. Agate Resources et al [Show Cause Hearing]

I, Roy Mark Bailets, deputy clerk of the civilian Court of record for the Oregon Statewide Jural Assembly. General Delivery, Beaverton, Oregon, [97005].

I rise as amicus curiae, a friend of the court, and an interested third party. I make my Claim of Conusance as deputy clerk for the Oregon Statewide Jural Assembly, a civilian court of record.

Statement:

I provide notice that this United States Federal District Court of Oregon in Eugene, located Wayne L Morse Federal Building, 405 East Eighth Avenue, Eugene, Oregon, [97401], does not have Territorial Jurisdiction. Show and enter into the record that the Oregon Legislature has voted and approved this federal building site for the United States government to build "needful buildings".

Demand:

Provide lawful evidence of this Court's Territorial Jurisdiction in written form into the record of this docket number.

Provide evidence this is a Constitutional Article III Court.

This communique is not intended to mislead, defraud, deceive, nor threaten in any way and is submitted in good faith and with clean hands. I do lawful, not legal. I do de jure not de facto color of law. This is my best effort.
